IV. OLD/CONTINUING BUSINESS:

Eastown Plan Element

Ms. Stinson discussed the final out come of the Eastown Steering Committee and final draft that will be presented to City Council.

Park Element

Ms. Stinson presented the changes to the Park Element; the survey has been moved to the back in the appendix. She does not think there needs to be a break down of open space. The Park Element will anticipate future annexations in a separate section. The survey results show the top priorities: 1. Trails, 2. YMCA/Community Center and 3. Sports Complex. Also talked about the park map that shows the use by population for each park.

Commissioner Jacobsen would like to see a map that shows the use by distance not by population.

Ms. Stinson commented they can do it by distance and not by population but the other tables in the Park Element are done by population. There will be a lot less parks when the open space is taken out as recreation

Zoning Matrix

Ms. Stinson opened the discussion up for Commissioner comments on the Zoning Matrix

Commissioner Jacobsen discussed the comments she had on the Zoning Matrix.

Vice-Chair Minton-Davis asked why there could not be a Midtown Zone and an Eastown Zone like there is a Downtown Core and a Downtown Mixed Use.

Ms. Stinson replied that Midtown would be considered C-2 and Eastown as C-3.

Chair Sulham tabled the discussion on the Zoning Matrix to be continued at the next Planning Commission meeting.

Ms. Stinson will see about getting a City map displayed on the monitors for the Commissioners to view while discussing the Zoning Matrix at the July 6, Planning Commission meeting.
