

Snow and Ice Control Standard Operating Procedure

Notification:

Upon notification by the Police Department or a Public Works supervisor, the Public Works “On Call” person shall call snow removal personnel according to the “Snow Plow Call-Out List”. This list designates the order and shift each snow plow operator is assigned. It is important to call the crews in order to ensure that the schedule can be maintained smoothly in the event of a long term operation.

The “On Call” person will not serve as a plow operator outside of regular working hours in order to be available to respond to other emergencies.

Snow plow/sand trucks will concentrate on State Route 410 as well as the Main Arterials during snow events. “**Priority Routes**” are those considered the prime movers of high volume traffic throughout the City of Bonney Lake. Other “Local Access” streets will be plowed/sanded as crews are available with priority given to steep slopes and police declared emergencies.

Procedures for State Route 410:

Snow plows will work in tandem to clear the eastbound and westbound lanes of SR-410 at the start of any snow event. Upon completion of SR-410, operators will work individually on Priority Routes defined below.

High Volume Arterial Roads Connecting to SR 410:

Sumner/Buckley Highway
Myers Road
181st Ave E.
Sky Island Drive (from SR410 to Rhodes Lake Road)
Main Street
192nd Ave E (adjacent to Target and Wal-Mart)
198th Ave E.
South Prairie Road
214th Ave. E
233rd Ave. E
208th Ave E

Other “Main Arterial” and “Collector” Roads:

Locust Avenue
Bonney Lake BLVD (**Bonney Lake Elementary School**)
South Tapps Highway (**Emerald Hills Elementary School**)
West Tapps Highway
Church Lake Road
Kelley Lake Road (From Church Lake Road to 214th Ave E)
Angeline Road
Panorama BLVD/176th Ave E.
192nd Ave E (**Bonney Lake Manor**)
104th St E (**Bonney Lake High School**)
200th Ave (and 199th Ave as needed) (**Mountain View Middle School**)
